NOTE: Any student having unusual circumstances that could favorably impact the Faculty Advisor Council's decision should attach additional information to this form.

North Attleboro High School National Honor Society Selection Guidelines: Students elected are recognized for excellence in Scholarship, Leadership, Character and Service. Juniors and seniors, with an 88 cumulative average, are invited to apply for membership. They are required to comply with the selection process, which documents a leadership role in school activities as well as evidence of service to the community. Members of the faculty will evaluate the candidates in terms of leadership, character and service. A Faculty Advisory Council will meet and consider each profile handed in to determine selection. Students and parents are reminded that attainment of an 88 average satisfies only the initial eligibility requirement, and will no longer be considered during the selection process.

I have read the selection guidelines for the NAHS chapter of the National Honor Society and I certify that the information provided on this form is accurate. I also understand that completing this form does not guarantee acceptance into the National Honor Society.
