Dear Parents/Guardians:

The annual fifth grade scoliosis screening will take place next Tuesday, June 7thst for Mrs. Croteau & Mrs. O'Brien's classrooms and Wednesday, June 8th, for Mrs. Yeomans classroom. The screening will take place during your son/daughter's Physical Education class. The screening will be performed by the School Nursing Department.

Students will be screened individually, and will be required to remove their shirts during the exam. Therefore, appropriate dress for the girls would be to wear a sports bra, bathing suit or some type of tank top or camisole under their school clothes. Time will be given after the exam to change back into more comfortable clothing if they desire.

If you have any questions or concerns regarding this screening please feel free to contact me at school from 8:30am - 3pm.

Most sincerely,

Lisa Mooney, RN
School Nurse

Our mission is to promote an optimal level of wellness for each individual, and to advance the educational process while including the integration, coordination and modifications of the health needs of all students.
