

## Kindergarten Literacy 2019-2020

Dear Students and Families,

Hooray! Welcome to kindergarten. Today was our first literacy class and we hope you had as much fun as we did! Each week we will be reading selected picture books and completing a response page which will go with each story. We will be busy learning all about story mapping (characters, settings, problems and solutions). These response pages will be added to your Literacy Journal that will be an ongoing portfolio for you to take home at the end of the year. Newsletters and photos of the students busy at work can be found on the school's website under Classes – Kindergarten Literacy and on Twitter. We are so excited for this school year!
